

KAMLOOPS ROWING

BRITISH COLUMBIA

KRC Image Consent

Photographs or videos may occasionally be taken during rowing practices, regattas, and club events. This consent form is required in addition to that found on RCA's web reg system, as there may be participants who do not wish to grant image rights to RCA and RBC, while the use of the images by KRC may be acceptable.

Rowing Canada Aviron's WebReg system grants image consent by default when participants agree to registration terms. Participants wishing to withdraw consent for RCA or Rowing BC must contact the RCA Privacy Officer.

Images recorded and posted by KRC may be used for:

- the club website
- the club facebook page
- promotional materials related to club activities
- the club You-tube channel
- club archives

Images will not be sold or used for commercial advertising. Be advised that images posted on-line can be screenshot, and/or manipulated. Participants waive any claim to compensation for the use of images or recordings. Participants also acknowledge that Kamloops Rowing Club cannot control or prevent unauthorized use, copying, or distribution of images once they are posted online.

This consent remains in effect unless withdrawn in writing by the participant or their parent/guardian. Persons under the age of 19 must have this form completed by their Guardian.

Please select one option:

I consent to the recording and use of my image for club communications and promotion.

I consent only to limited internal use such the recording of my rowing session as a method of improving my technique only.

I do **not consent** to the recording or use of my image by the club.

Name (and/or name of Guardian)

Signature (or signature of Guardian): _____
