is considered a minor ( < 19 y.o.) presently, it is the KRC's intent in this letter to maintain transparency in our sport delivery and communication with our members as a small, volunteer club and share the reality of rowing sessions at our Club:

- When minors are rowing a single racing shell without pontoons there will always be a safety boat on the water to oversee that session.
- Minors will not be scheduled to row if they are the only rower showing up for a session with a coachboat driver.
- Program activities may involve adult recreational rowers ( > 18 yo) rowing with youth to fill empty seats in crew boats.
